## Act on data Methods, issues and approach What needs to be amended in our TAS to address identified areas for continuous improvement?

- 1. What monitoring and evaluation strategies already operate at your RTO? What improvements can you suggest?
- 2. Are there any other considerations here for those RTOs implementing their learning and assessment strategy under the NSW Smart and Skilled contract?

## Documenting your training and assessment strategy (considering supporting documentation) – GAP ANALYSIS TEMPLATE<sup>23</sup>

Content typically contained in a Strategy for Training and Assessment vs RTO documents. List the documents being reviewed against headings A–C. Examples could include (A) Strategy for training and assessment (TAS), (B) a program outline, and (C) session/ assessment plans.

| TAS component  | Comments e.g. Best practice? Supporting docs required? (indicate what doc) etc. | Areas for Improvement                       |  |  |
|--|---|---|--|--|
| Details of Qualification/ overview   |   |   |  |  |
| RTO Name, code   |   |   |  |  |
| TP code/ title/version Qualification code/title  |   |   |  |  |
| Delivery period  |   |   |  |  |
| RTO Contact person   |   | To demand a belief as only                  |  |  |

## A FINAL NOTE - Training and assessment strategy - development evidence checklist

Refer to the checklist below as to possible evidence you could have of developing training and assessment strategies. Add to the list what you consider is missing. Remember the evidence covary depending on the RTO.

| Types of evidence  | Y/N | Where is it located?   |
|--|-----|--|
| Surveys, research reports, statistical information on client groups                                |     | Oustracts  |
| Analysis reports on industry and client needs  |     |  |
| Minutes of meetings, notes to indicate enterprise/industry consultation in development of strategy |     |  |
| Customised training and assessment strategies to meet client needs                                 |     | the state of the s |
| Client information on delivery and assessment options  |     |  |
| elivery plan and evidence of applementation  |     |  |
| anned facilities, resources etc. for elivery and assessment  |     |  |
| ainer and assessor qualification, quirements and allocations                                       |     |  |
| sessment plan and evidence of plementation   |     |  |

| Integration of workplace plans for training and assessment           |  |
|--|--|
| Letters acknowledging enterprise/industry involvement in development |  |
| Plans, agendas, minutes that indicate review of strategy             |  |
| Revised strategy indicating action taken to improve quality          |  |
| Stakeholder feedback on implementation                               |  |
| Validation of strategies by industry and clients in meeting needs    |  |
